ASTOUNDING REPORT FOR CARMEL

The wife of a merchant had stomach trouble so bad she could eat nothing but toast, fruit and hot water. Everything else would sour and ferment. ONE SPOONFUL buckthorn bark, glycerine, etc., mixed in Adler-i-ka benefited her INSTANTLY. Because Adler-i-ka flushes the ENTIRE alimentary tract it relieves any CASE constipation, sour stomach or gas, and prevents appendicitis. It has QUICKEST action of anything we ever sold. At this month's regular meeting of the city trustees, which takes place tonight provision will be made for the installation of fire hydrants along the route of the new pipe line on Ocean avenue and Monte Verde street. If you should happen to meet the most picturesque of all Carmel's picturesque folk, know that the nut-brown, bare-footed boy, six feet in height, eyes brimming with enthusiasm from under the wide brim of his soft felt hat, is none other than Horace Britt, the famous Belgian cellist, whose music charms and silences even the birds.

WEEKLY GREETING

Little thoughts do not suit little duties. It is in the fulfillment of simple routine that we need more than anywhere the quickening influence of the highest thought.

—Bishop Spaulding

Preserve Fruit at Home

This is a year for home thrift and public service. We must feed not only our own people, but also millions in Europe. The frightful waste of fruit is a national reproach. Housewives, help stop this unpardonable extravagance. The fruit we waste would feed Belgium.

The United States Government urges preserving as a home duty. Preserved fruits are energizing and nourishing. They vary your menus. They reduce the cost of your table. Put up more fruit at home than ever before. Get jars and glasses, bottles and crocks ready to preserve fruit. The housewife who practices thrift places herself in the ranks of those who serve their country.

You can show your thrift in no more convincing way than by combating the national tendency to squander this country's wonderful fruit crop. When you preserve fruit at home you perform a service to your own family and to the nation.

Norwood News Notes

The Norwood Trio, with Alberta Livernash at the piano, Jennie Shavitch, the cello, and Helen von Ende, the violin, deserves much credit for valiently continuing the rehearsals at the Forest Theatre, in spite of the fog which makes it almost impossible to play in tune on stringed instruments.

Elias Hecht, the well-known flutist of the S. F. Chamber Music Society, and the most genial of all good Norwood fellows, will play "Pan et les Oiseaux" from Sonata "Flute de Pan," by Jules Moquet, at the performance of "The Blue Bird" tomorrow and Saturday nights.

Guard Against Fire in the Forest

Matches

Be sure your match is out before throwing it on the ground. Break it in two.

Tobacco

Throw pipe ashes and cigarette and cigar stumps in the dust of the road, and stamp out the fire. Do not throw them into needles, leaves or brush.

Making Camp

Make a small camp fire. Build it in the open — not against a tree or log or near brush. Scrape away anything burnable near it.

Leaving Camp

Never leave a camp fire alone, even for a brief time, without pouring water upon it and then covering it with earth. See 1914 hunting license.

Bonfires

Do not make bonfires when it is windy, or when or where there is the least danger of getting beyond control. Avoid making a larger fire than necessary.

Fighting Fire

If you discover a fire, endeavor to put it out. If you cannot, get word of it to the nearest federal or state fire warden quickly.

Information

Keep in touch with the rangers. Ascertain the number of the district in which you are camping from United States forest rangers, county clerks or newspaper offices. Make a note of it on a card or memorandum book.

Music School to Open

The old Carmel Hotel has undergone a transformation, and will be occupied this week by the Carmel School of Music, under the direction of Warren D. Allen, head of the Pacific Conservatory of Music in San Jose.

Two beautiful Steinway pianos have this week been placed on the platform of the attractive new recital hall, and shortly a series of recitals and concerts will begin, which will be a splendid stimulus to the growing musical life of Carmel.

Students will commence to arrive in a few days, and any who wish to interview Mr. Allen on Saturday may do so at the studio between 2 and 4 o'clock.

MOUNTAIN LAUREL.

Emeline Harrington in "The Club Woman."
Weave for the victor a chaplet of laurel:
Honor the brave with its evergreen leaves:
Gather its bloom when a nation rejoices,
Lavish when one for a patriot grieves.

Pallid as dawn, like a snowdrift translucent,
Veinings of rose rib each chalice of pearl.
Treasures of life, hid in caskets of argent,
Fly to the heart when its stamens uncurl.

Red as the blood from the heart of a soldier,
Starlike as faith in the soul of a nun,
Buds mid the blossoms, like jewels of coral,
Nestle in clusters of many in one.

Pride of the mountains from ocean to ocean,
Symbol of valor and union and power!
Never a land had a lovelier emblem:
Laurel we choose for our national flower.

Winsor Josselyn Writes From the Hospital Corps Training Camp

U. S. Army Ambulance Corps Camp (Section 66, of Pasadena, Ambulance Company No. 1), Allentown, Pennsylvania.

W. L. Overstreet, Editor Pine Cone. Dear Sir: When I left Carmel I promised you that I would write describing Ambulance Corps training life. We are settled here for at least a month, and our reorganization is complete, so I can state our organization and routine with fair certainty.

This camp will train the 100 sections of thirtysix men each for ambulance work, which the French Commission so urgently requested for immediate use in France. Already about 2200 men are here, and more are coming every day; when completed, the camp will have 3600 men.

In this camp there will be training given which will eventually require 2000 Ford ambulances, 100 Packard 2-ton trucks, 100 Ford 3/4-ton trucks, 100 Ford touring cars, and 100 motorcycles. And thus a little Ford shall lead them.

The personnel of each section will be: One first sergeant, one sergeant, one corporal, two orderlies, two clerks, one chief mechanic, two assistant mechanics, one cook, one assistant cook, and twenty-four motor drivers, making a total of thirty-six men. This is the French system of composing an ambulance section.

From first call at 5:30 and reveille at 5:40 to tattoo at 9:30 and taps at 11:00, we have a crowded day. We are not yet on strictly camp schedule, because the camp is not completed. The first men arrived only two weeks ago, and while a great deal of work has been done, there remains much to do. This is the city fair grounds, and it is a big task converting the buildings and stables and pavilions into sleeping and living quarters. Even the grandstand is having the seats removed to accommodate cots on its terraces. I wonder what would happen to a man sleeping there if he started to roll downward.

We have a large number of college men among us, and I can say with assurance that the personnel of this

camp will be of as high a grade as in any other branch of military service. As the Army bulletin says: "Only men of high grade—physically and morally—are desired in this particular service." So you can see that a man can choose the best of companions from those men about him.

Our food is plain and sustaining, and there is plenty of it. It has to be eaten rather rapidly, though, unless you want to be left at the table in distinguished solitude. I pity a Fletcherizer in that mess room. Our duties demand the kind of food we get. Drilling, receiving ambulance instruction, doing heavy general work, and the like, need plenty of fuel, and once you get used to it you like it.

On the way out from the West—five nights and four days—we were warmly greeted in many of the cities. Perhaps the most surprising ovation was in St. Thomas, Canada, where the whole place, apparently, turned out and crowded the station and its surroundings. A tumult of applause rose as we alighted for a brief stay. Surely the Canadians know the meaning of war, and they honor those who are going to it. You should have seen the natives scramble for the oranges—from California—which we threw among them.

Pasadena sent 124 men, organized under the old plan. These men were thoroughly drilled and completely equipped. The camp gave them a great ovation when they arrived. Pasadena's chances are very good for going with the first 700 men to leave. That departure may occur about August 1, and France may be the destination, although, of course, the Army is not going to advertise moves by letting us know ahead of time.

Camp life is sometimes monotonous and quite disagreeable, but the men submit to it readily, realizing that all of it will help to defeat Germany—the greatest of world menaces.

I send my best regards to you and your family, and to Carmel.

Yours sincerely,

WINSOR JOSSELYN.

Notice to TAXPAYERS

All taxpayers are required by the constitution to annually make and deliver to the Assessor a statement, under oath, setting forth specifically ALL the real, personal, or other class of property, owned by such persons, or in their possession, or under their control, as the same stands of record at 12 o'clock Meridian on the first Monday of March.

The Political Code provides, that all property must be assessed at its "full cash value," and defines "full cash value" as being "the amount at which the property would be taken in payment of a just debt from a solvent debtor."

Unsecured Personal Property

The taxes on all unsecured personal property are due and payable and must be paid at the time the assessment is made.

Exemptions

Any person or association, claiming any property to be exempt from taxation, MUST make the claim and affidavit, for such exemption, every year, in the manner provided by law. This applies to the \$100 allowed on personal property of householders; the \$1000 allowed soldiers, sailors, marines, etc., and property used solely and exclusively for religious worship.

Assessments

Any information desired relating to assessments will be gladly furnished on application, and all objections should be made before the Board of Equalization adjourns, instead of waiting until it is time to pay taxes.

Remember, that if you fail to make a statement you fail to comply with the law and you law yourself liable to arbitrary assessment, which is expensive to yourself and causes much trouble to others.
