All Americans Can Serve

Every man, woman and child in this country, who wants to serve the country, can serve it and serve it in a very simple and effective way, says Secretary McAdoo.

That service is to lend your money to the government. Every 25 cents loaned to the government is a help at this time and practically every man, woman and child, by making some trifling sacrifice, some denial of a pleasure, or giving up some indulgence, can render the government that support.

PROCLAMATION

The Secretary of the Treasury of the United States, with the approval of the President and Governor Stephens, has set aside June 28, 1918, to be observed as National War Savings Day.

Upon this day every loyal American will "pledge himself to economize and save and to purchase at definite periods a specific amount of War Savings Stamps, thus giving concrete evidence of his support of the practice of War Savings."

No, therefore, in accordance with this idea, all citizens of our community are called upon to perform this patriotic duty, with the hope that our quota will be fully subscribed by tomorrow night.

A. P. Fraser,

President of the Board of Trustees

Pine Needles

Dr. A. F. Bechdolt of Belling, Wash., is here on a visit. This is not his first visit.

The Rendtorff family arrived recently from Palo Alto. They plan to remain several months.

Mrs. James Hopper and family will spend two months in Lake county. They will leave shortly.

Mrs. L. Underwood and her granddaughter, Juanita Pepper, are visiting in San Francisco and vicinity.

Douglas Greeley has enlisted in the Aviation Corps for ground work. He will be stationed at Mather Field, near Sacramento.

Mr. and Mrs. C. L. Spencer have been heard from at South Bend, Ind., where Mr. Spencer was taken ill on the way west.

Miss I. A. Johnson, Miss J. M. Culbertson and Mrs. Helen Kip left on Monday for New York. They will be away several months.

Mrs. Dell H. Munger and Benson are here from Oakland for a brief visit.

Leonard Sinclair, who was employed by contractor Murphy for years, is stated to be in Washington State, working in the forest where lumber is being taken out for aeroplanes.

The Pardee family will be all be here for the plays next week, and will remain longer.

The bath house will be conducted by Mrs. Florence Pepper this season, and is open.

Mrs. Frank H. Powers, with her mother, Mrs. Thos. Duffey, her niece, Miss A. Seaton, her daughter, Dorcas, and Miss Dorothy Gebhardt, arrived a few days ago, for the summer.

Father R. M. Mestres visited the homes of many of his parishioners here on Tuesday morning.

Many property owners paid up their state, county and sanitary taxes as the result of the publication of the delinquent list in last week's Pine Cone.

The ruts and depressions on the Forest Theatre road will be filled in during the week in anticipation of next week's heavy traffic. The repairs have been ordered by the city Board of Trustees.

The Californians, the musical organization of which Miss Laura Cotton is a member, has been entertaining the soldiers at Camp Lewis, under the direction of the Y. W. C. A.

Several delightful parties have been organized recently for trips to the Big Sur. This coast scenic route offers a wonderful full day's outing. Mr. Bowen reports the roads in good condition, and plans other pleasant journeys to this section soon.

Harry Aucourt and Chris Beck will be special policemen at the Forest Theatre next week. They were selected by Trustee C. J. Arne.

AN EXCELLENT WHEAT SUBSTITUTE.

Barley is a palatable, wholesome grain which has long been used in infant feeding and, to some extent, for general cookery, and which can now be used in quantity to save wheat. Barley flour is one of the best of the wheat substitutes. Delicious breads and cakes can be made by using it to replace all or part of the wheat flour.

The use of barley flour for such purposes, though new to most of us, is not new to some people. Not many years ago barley was used more extensively than wheat for bread making in many of the European countries. Let us revive the art of barley cookery and by so doing, "stretch" our supply of wheat flour so that it may go further to meet the needs of the allies.

Hundreds of millions of bushels of barley are raised yearly in the United States. This supply heretofore has been used chiefly for stock feed or for malting, but under present conditions the greater part of the crop is being milled into flour which, since it is both palatable and nutritious, may well be used to meet the increasing demand for wheat substitutes. This flour is now on the market, and it is a patriotic duty to use it to save the wheat flour.

Give barley flour a trial; you will wonder why it was not used more before the war.

Barley flour does not keep so well as wheat flour, so it is best to buy it in small quantities, even for home consumption.

EVERY GRAIN

"Every grain of wheat our ports can handle," is the reply we have given to the Allies in their extremity. Every grain our ports can handle—consider that. In threshing, in the careless war-free days a fraction of edible wheat escaped. Today a special department of the Food Administration is devoted to seeing that this once trifling portion is preserved for human consumption.

"Not all Americans can win a niche in the Hall of Fame, but all can keep out of the Hall of Shame that bears the names of profiteers and hoarders, of wasters, and slackers and slickers, of both sexes and all ages."

Grub-stake your home from the farm and garden; the railroads *must* carry food and munitions for soldiers.

When the war is over there will be only two kinds of men left—the men who did and the men who didn't.

Increase the world's bread ration by growing more breadstuff and eating less.

The farm as well as the front needs men who see straight and shoot straight.

Next Week "The Play's the Thing"

Many hundreds will wend their way to the Forest Theatre next week to witness the annual summer plays. The actors have been coached and drilled to a state of near perfection, and four splendid performances are assured.

Not the interesting feature this year will be the music. Frederick Preston Search and his Naval Orchestra of thirteen pieces will arrive from Mare Island next Tuesday. They will play the four evening, and on Sunday afternoon will give a concert at the theatre.

Tickets for the plays are on sale at the office of the Carmel Development Co.

Theatrical Women Here

The Whitehead sisters, Miss Douglass and Miss Virginia, are visiting Ann Dare. They are daughters of the late Colonel R. O. Whitehead of Oakland. Both are members of the Players' Club of San Francisco.

Miss Virginia played a leading role in "Bushido" in the Greek Theatre last season, and besides being a clever amateur actress, is well known for her interpretive dancing. She is a member of the public speaking department of the State University.

Miss Douglass is a supervisor in the dramatic department of the S. F. Normal School. She has had much success in dramatic reading and story-telling, and was responsible for the charming lyrics and some of the music for "Puss in Boots," the children's play given in San Francisco recently.

These talented ladies have been generous in contributing their services to Red Cross and other programs, and have just closed a run of Mary MacMillan's charming play, "The Dryad."

WEEKLY GREETING

*Thou shalt diligently spend every
waking moment in helpful thoughts or
deeds toward aiding the civilised
world's battle for democracy.—From
Lady Chetwynd's Commandments.*

A BUSHEL MEANS A SOLDIER.

Do you know that every bushel of
wheat now saved means the support
of a soldier on the battle line until
the next harvest? As no soldier can
live without food, every bushel of
wheat is the actual equivalent of a
fighting unit. The moral is clear. We
must supply soldiers. But it is useless
to supply the fighters themselves un-
less we can also supply the where-
withal upon which the soldier lives.
The number of men we can put in the
field is in direct relation to the num-
ber of men we can feed in the field.
Will you support a soldier until the
next harvest?

THE BANK IS SOLVENT.

The United States Food Administra-
tion is the food bank of the Nation.
In commercial affairs you put your
money in the bank knowing that the
multiplication of many small accounts
gives stability and makes possible
larger transactions in the world of
business than could be handled with
any small fund. No depositor expects
to see his money all the time. It is
sufficient to know that it is in good
company, in other words, that the
bank is solvent. Wheat is in very
much the same situation as money in
the world today. Large transactions
are necessary if the world war is to
be fought to a successful conclusion
for ourselves and the Allies, and yet
these large transactions must be based
upon the multiplied savings of mil-
lions of people. Each one can deposit
in the general store only a small
amount. What is very important is
for every saver of wheat to know that
the Food Administration is protecting
his interests, that sufficient reserves
will always be kept to guarantee the
support of American citizens. This
knowledge begets confidence, and con-
fidence eliminates hoarding and
"runs" on the bank. The Food Ad-
ministration is your food bank, and it
is solvent.

"We are all comrades in a great en-
terprise."—Woodrow Wilson.
