All-Americans Can Serve

Every man, woman and child in this country, who wants to serve the country, can serve it and serve it in a very simple and effective way, says Secretary McAdoo.

That service is to lend your money to the government. Every 25 cents loaned to the government is a help at this time and practically every man, woman and child, by making some trifling sacrifice, some denial of a pleasure, or giving up some indulgence, can render the government that support.

Pine Needles

Rev. Frederick W. Goodman, rector of the Church of the Ascension at Sierra Madra, has joined Mrs. Goodman here. They are occupying "The Paint Box," on Camino Real.

John Fleming Wilson, author and short story writer, who formerly lived here, is now in France, a non-com in a Canadian organization.

Mrs. Dwight of Pasadena, a prominent churchwoman, will spend several weeks here. She has rented the Von Needa bungalow, just over the line from Carmel on the P. I. property.

The Coupland family, of Lincoln, Nebraska will remain in Carmel until September, when they plan to visit Honolulu.

Mr. Oliver Rask bid his friends and relatives here good-bye last week, having been ordered to Camp Lewis.

Mrs. Winfred Burrell sister of Mrs. J. W. Hand, arrived from San Francisco last week for a fortnight's visit.

A considerable number of voters in this (Carmelo) precinct registered last week. They were mostly residents of Carmel Valley and the Coast section. Registration is now closed until after the Primary Election on August 27.

Sale of Liberty Potatoes progressed nicely during the past week. There are, however, still many to be sold. Leave your order at the Pine Cone office. The local Red Cross gets the money. \$3.50 a sack.

County Clerk T. P. Joy visited Carmel last Saturday, on his visit to his various registration deputies, gathering in registration material preliminary to making up the Great Register for the primary Election.

It is doubtful if for any but the Red Cross cause it would be possible to completely fill the local moving picture theatre two times in one evening. This occurred last Thursday evening.

Mr. and Mrs. Alfred Martel motored down from San Francisco last week, stopping at Del Monte, then came on to Carmel to spend a few days with Miss A. C. Robertson and her sister, Mrs. I. M. Scott.

Another dance for the benefit of the Red Cross is to be held at Arts and Crafts Hall this evening. Owing to the scarcity of men, they are requested to 'split' their dances, so that all the ladies may dance with a man.

Mrs. J. A. Reed (Kate Carew) has returned from a brief visit to the city, and she will work at once upon a commission for the London "Tattler." This little weekly is famous for its splendid cartoons. Mrs. Reed has been invited to give an exhibition of her cartoons, at the Del Monte Gallery, this fall.

The Pine Cone is in receipt of a letter from Dr. Alexander S. Kaun, who lectured here recently, offering to give a course of seven or eight University Extension lectures here on "The Political Development of Russia" during August and September. To partly finance the affair, it will be necessary to obtain twenty private subscriptions. Anyone interested will communicate with W. L. Overstreet.

Leo Narvaez writes to his folks from Camp Kearny, down near San Diego, where he is in military training, that he is well and happy. "Gee, but it's warm here."

Many Carmel visitors have been and are making use of our library. Our library is a very valuable asset to the community, and the commendation of visitors is good to hear.

M. De Neal Morgan states that her summer classes have been large and interesting. Several have ended their studies with the end of July, but August students are beginning to arrive.

Miss Martha Walter, the well known New York artist, will be here several weeks more. She has much work still to do here and is in love with Carmel. Her Eastern work is calling, however.

William Rirchel has rented the Boronda studio in Monterey, and will remain several weeks, painting in Monterey and vicinity.

Guy Rose, California artist, with his artist wife, are spending a two months vacation here. Mr. Rose will take charge of the Stickney Memorial School of Art at Pasadena at the Fall opening, C. P. Townsley, having taken charge of a recently established art School in Los Angeles.

Save the Redwoods

It is a matter of keen regret that the grand old redwoods of Palo Colorado may be soon cut down. The cruiser, forerunner of the axe and saw, has been busy for some weeks, and it is understood there are grave chances that this beautiful canyon will be shorn of its beauty all too soon.

Several parties have recently enjoyed its beauties, and others are being assembled for the week-end. As Palo Colorado Canyon has the largest redwoods in the vicinity of Carmel, and gives so much pleasure to numbers of our people and the visitors, it is to be hoped that some philanthropic party may secure this rare tract, and thus preserve one of California's beauty spots.

For summer visitors, The Pine Cone three months for 40 cents.

Don't forget the Red Cross dance at Arts and Crafts Hall tonight.

**Let the Good

tracts from a letter to Red Cross
Chairmen:

"The Red Cross today is one of the
greatest manufacturing enterprises in
the world. It was not humanly possi-
ble at the outset to make any depend-
able estimates of the quantities and re-
lative proportions in which the various
kinds of articles should be produced.
The difficulty of making reliable esti-
mates must be obvious to all. While
we have increased our knowledge of the
problem month by month, the tremen-
dous production of all these useful
articles has been going on in every
part of the county. Everything so far
produced is of positive value. This is
a war of such tremendous proportions
that it seems almost impossible ever to
figure on having too much of anything
connected with its conduct, particularly
of those things which the Red Cross
chapters produce.

"If there was no limit to the amount
of raw material available in the coun-
try and the shipping space which might
be used to transport the completed ar-
ticles to the point of need, the policy of
almost unlimited production might be
justified. But there is a limit and a
very definite limit to resources, both of
material and transportation, and so it
is not only wise but necessary that we
put the entire production as rapidly as
possible on the basis of our best esti-
mates of the most urgent needs, so that
while we care for Red Cross require-
ments adequately we may at the same
time be conserving the country's re-
sources of material and its transporta-
tion facilities now so sorely tried.

"If chapters will take steps to limit
their production of dressings to the ex-
act kind and quantities specifically call-
ed for by the Division, they may feel as-
sured that the situation is being well
cared for.

"Definite estimates of their require-
ments between now and the autumn are
in hand and have served as the basis for
the allotments for the work to be done
by the chapters. To make the things
called for by this estimate will mean
that more women than ever before will
be required to devote their time to this

work. Some of these articles are for
our own soldiers and for those who will
soon be called to the colors, others
are for the hospitals of our Allies
abroad, both civil and military, while
still others are for the unfortunate popu-
lation in the actual war zone of our
Allies, where they will serve to alleviate
so far as possible the suffering of old
men, of women and of children and at
the same time serve as a reminder of
this country's interest and sympathy
a time when such evidence of sympathy
means so much to the morale of these
sorely stricken countries.

This is a war not of the soldier and
sailor alone, but the whole people,
and the morale of the civilians behind
the lines is quickly reflected at the
front. If the people falter the soldiers
will not fight so effectively.

"You will see therefore that what we
are doing for the civilians in France,
Italy and Belgium is just as truly for
the fighting man as if it were done
for himself.

"The same disciplined effort which
has met the needs of the past year will
answer the new demands. The wom-
en of the country must expect to re-
spond to sudden change in order and
to accept irregularities in supplies as
these are a necessary outcome of war
demands and war conditions. It is pre-
cisely this ability to respond to the situ-
ation be it what it may, no matter how
confusing to previous plans and ideals,
that makes the Red Cross a dependable
and efficient force for winning the war.

"The Chapter will be asked by this
office to produce definite quantities of
certain articles. These allotments will
be changed from time to time as we re-
ceive further estimates of requirements
from National Headquarters and you
are urged on all accounts to confine
your production of these definite allot-
ments and to secure your material
through our Division Supply Ware-
house.

"There has been nothing finer than
the unselfish and devoted way that the
women of the country have given of
their time and skill in making Red
Cross aid dependable. We appreciate
that work done in this way lacks some-
thing of the personal touch which a par-
ticular institution, or for a particular
group of people abroad or in the field.
We are none the less sure that the
basis on which, broadly speaking, we
are attempting to handle the matter,
is the only practical one. Our stand-
ards are based on first hand knowledge
and careful observation of people who
are right on the ground. We hope to
change our standards as little as possi-
ble; we hope to have them as simple
as possible.

"We are confident that every loyal
member of the Red Cross will do the
utmost to promote the efficiency of the
organization so that we may continue
to be the greatest relief agency operat-
ing in the war."

Splendid Sale of Tickets for Saturday's Evening of Music

With such a distinguished group of artists contributing to the benefit program to given at Arts and Crafts Hall next Saturday evening, the house will undoubtedly be crowded. Each of the four artists could readily draw a full house unassisted in San Francisco or New York.

Mr. Isia Seligman, the young Russian pianist, who came direct from Russia two years ago, gave a most successful recital at the St. Francis Hotel last April. Critics and the public declared him one of his country's leading pianists. His repertoire is extensive, and he has had much concert experience.

Mr. Lawrence Strauss, the young American tenor (to quote Redfern Mason) "sings French better than most English and Americans sing their

own language. He is the most interesting of our men singers in San Francisco today." He sings with unmistakable authority, and his voice is of rare purity and sweetness.

Signor Antonio De Grassi, the distinguished Italian virtuoso, is well known on both continents, having performed with many of the best European orchestras, and in London, where he made his home for several years, he was one of the musical favorites. He possesses a full robust tone, and plays with much depth of feeling.

Miss Therese Ehrman, the accompanist, recently returned from a five-year sojourn in Paris, where she has been playing an active part in continental musical life, and next Saturday night marks her first appearance since her return to her native state.

The following program has been arranged:

ITEMS OF INTEREST.

The Carmel city trustees will hold their monthly meeting at the City Hall next Tuesday evening.

The Christian Scientists are to dedicate their new church edifice next Sunday, and cordially invite all their fellow-townsmen to be present. There will be services at 11 a. m. and 4 p. m.

Waldo Frank of New York, with his wife, is here from New York for several weeks. They will do considerable writing here, completing, amongst other things, a work on American social and cultural conditions, to be published in France in the Fall.

Mrs. E. K. de Sabla reports that the net receipts of last week's Red Cross moving picture shows were \$112.07. A complete report will be published next week.

Collections amounting to \$42, to be credited to August account, have been made by Mrs. W. B. Canine for the Belgian Babies.

THE NICKEL A WEEK WOOL FUND FAMOUS BELGIAN REFUGEE VISITS MONTEREY PENINSULA

What is it? It is a method of financing the wool requirements of our Carmel Chapter.

One hundred subscribers will give the Chapter its wool for knitting free of all other demands upon its funds.

How does it work? It's the simplest thing ever. You are given 52 small numbered envelopes. Once a week put a nickel or five pennies in an envelope and drop it in the box on the workroom door. That's all.

Any Red Cross worker will take your name and give or bring in the envelopes with full directions.

This is a chance for all to help in a way that won't be felt, men, women and children. The winter is coming on and our boys over there will have to face a set of conditions in the open, often without shelter of any kind, that the arm chair patriots have no conception of. If every one who takes a packet of envelopes will get one additional subscriber, the thing is done.

Madame Eduoard Deru, whose husband is the official violinist for the King and Queen of Belgium, recently visited the Monterey Peninsula for the purpose of arranging for a concert to take place in the Art Gallery at Del Monte.

Half the proceeds and all extra donations are to go to the starving children of Belgium.

Eduoard and Madame Deru fled from Belgium after the fall of Antwerp.

Madame Deru plays her husband's accompaniments.

They gave 110 concerts in England, and after giving nine concerts in the trenches where candles were held on the points of bayonets by the soldiers, they came to America, and have been giving benefit concerts ever since.

Everywhere they have been received with enthusiasm and a rare treat is in store for those who have the good fortune to hear them on August 8th next in the Monte Hotel Art Gallery.

WALTER G. MOFFAT, Rector

Hugh Osburn Out For District Attorney of Monterey County

(Watsonville Pajaronian)

Attorney Hugh R. Osburn of King City has announced himself as a candidate for the office of District Attorney of Monterey county, at the primaries on August 27th.

A better selection could hardly be made for that important office, should the people of Monterey county bestow it upon Hugh Osburn. We know him of old, and admire him greatly. He was a practicing attorney at Santa Cruz before he migrated down to King City, hung out his shingle, and built a splendid legal business.

A lawyer of over 20 years' experience, Osburn is well qualified for the position he seeks. During his stay at Santa Cruz for about five years he was in the district attorney's office when Superior Judge Knight was district attorney of this county. After that he served two terms as city attorney for the City of Santa Cruz, and one term as city auditor of that municipality. During both terms, as city attorney and city auditor, he sternly hewed to the line, saw that the law was strictly enforced, and shook up some of the moss-grown traditions and observances in our sister city in a most disconcerting manner that gained for him lots of admirers. He has also served as city attorney of King City for five years, and his performance of his duties in that position, has, from reports we've heard, given satisfaction.

What we admire about Osburn is his bulldog pertinacity. He never knows when he's whipped! He'll stay with a case, once he thinks he's right, until the Kaiser's future abode freezes over. A man of probity and understanding, he gives matters entrusted to him the best that's in him—that is his reputation in this county.

We would like to see Osburn elected to the office, and in making this statement we do not imply anything derogatory to the gentlemen who are his opponents in the campaign, but if the people of Monterey county want to put into that office a man who, when he thinks he's right, don't give a tinker's imprecation for public opinion, who cannot be reached or swerved from what he considers his duty, and will carry out the provisions of the law to the letter, they will elect Hugh Osburn district attorney.
