- Good Moving Picture
show every Saturday
evening.
- Picnic at Pebble Beach,
Point Lobos, Carmel
Highlands.
- Visit the Forest Theatre
- Bowling Alley
- Beautiful Walks, Drives

Changes in Carmel Business Concerns

Two business transactions of considerable interest and magnitude have been consummated here during the past week. The one has to do with the transportation of ourselves and chattels to and from Carmel, the other with essential food products—milk and cream.

F. M. and F. A. Wermuth have purchased the business of the Carmel Garage, together with the good will, etc., and will operate the stage line and waiting-room. The new owners have also leased from C. W. Bowen the garage buildings, waiting-room, and the cottage close by the garage. It is understood that C. O. Gould and H. D. Comings will be employed by the Wermuths.

Irving B. Waterbury, who for three years has conducted a milk route and depot here, has sold the business to Perry MacDonald, a resident of Carmel Valley. Mr. Waterbury will leave next week to assume his position with the Bethlehem Steel Corporation.

Single Tax Meeting

At the Genthe cottage next Tuesday evening there will be a meeting for the discussion of the single tax question. The public will be welcome. The Single Tax Amendment is to be voted on at next month's election.

Pine Needles

Mrs. Ralph C. Harrison and her traveling guest, Miss Conway, returned to the city Saturday evening. With a party of friends they will spend the Christmas holidays at Carmel Highlands, having already reserved accommodations.

Dr. L. E. Clay, a well-known dentist of Fresno, was in Carmel last week. In about two weeks he will establish offices in Monterey, and with his family will make his home in the Fish City.

Mrs. H. W. Morse and family of Los Angeles, who have been here several months, will leave shortly to join Mr. Morse at Trona, San Bernardino county, where the new family home is now to be.

Mrs. A. C. Lawson leaves before long for Oakland. It is quite probable that she will soon be engaged in important official war work.

Mrs. A. D. Signor and a party of friends left on Friday last for a trip the Pacific Northwest, going over into Canada. They plan to be home about November 1.

D. A. Leonard and family, after a season in Carmel, have gone to San Francisco for a few weeks, before returning to their home.

Another Carmel boy in the service of Uncle Sam! "Bobby" (Robert A.) Norton has joined the Student Army Training Corps at Stanford University. He passed all the examinations with flying colors.

Next Sunday at 11 a.m. Rev. S. C. Thomas will preach on "The Homeland of the Heart." This will be the first service of the new conference year.

Get your oil and gasoline between 6 a.m. and 6 p.m. The Standard Oil Co. is co-operating with the Oil Division of the Fuel Administration in confining supply to these hours, to save manpower.

Your duty: Buy Thrift Stamps

Mrs. Gus Englund has just received a cheerful letter from her son, who is in France. He is in splendid health and reports "lots doing."

Mrs. L. C. Horn is home from a fortnight's visit with friends in San Jose.

"Writing Home" and "The Dryad," recently played here, has just concluded a successful round of the Y.M.C.A. circuit, under the direction of Garnet Holme, who, by the way, played the "Boy" in the latter play.

Response to the appeal for funds to assist Pon Sing to rehabilitate himself, following the disastrous fire, has been quite liberal. In sums ranging from 15 cents to five dollars, about fifty dollars in all has been contributed. At present Citizen Pon is employed at the Hatton ranch.

Three more days to register for the general election on November 5. Books close on Saturday afternoon.

Lawrence Leidig and wife and young son are here from Richmond for a two-weeks' visit with Mrs. Elizabeth Leidig. Mr. Leidig has a responsible position with the Standard Oil Co.

This evening Herbert Heron will read Sir James M. Barrie's interesting work, "The Admirable Crichton," at the Book Shop.

Mrs. Bertha Newberry has received word of the safe arrival of her husband on the other side. Perry is probably in Italy.

Rev. G. M. Dorwart and family will leave shortly for Deal Beach, N. J., about forty miles from Newark.

October's Belgian Baby contribution, amounting to \$42, gathered by Mrs. W. B. Canine, has been forwarded to San Francisco headquarters.

There will be special service in the Carmel Mission tomorrow at 8:45 a.m.

"Volunteer Week" Bond Buyers Plentiful

Up to the time of going to press the sale of Fourth Liberty Loan Bonds in Carmel shows a substantial increase over the last bond drive for the same four day period. Many have doubled their Third Loan subscriptions. Many, too, who did not buy before are purchasing this time. But the whole truth must be told; some are not buying as largely as their means permit—"button buyers" they are termed. This is not only unpatriotic and mean, but shows as well poor business judgment. Liberty Bonds are the best investment in world.

People should purchase all they can. The boys "over there"—our own town boys—are offering their lives. Who is making the sacrifice, you buyer of interest-bearing bonds, or the soldiers?

The Pine Cone has a well equipped job printing plant. Prices are fair.

WILL YOU HELP OUR BOYS ABROAD?

Every Man, Woman and Child
Can Join to Send News of
This Town Into the Front Line
Trenches.

WHOLE NATION MOVES TO BANISH SOLITUDE

Our Heroes Are Calling From
Over There—Give What You
Can to Help Those From
Home.

Every citizen interested in the boys of his home town now at the front, and in the brave women who equally are serving their country abroad, has an opportunity to show his appreciation of the sacrifice they are making. The opportunity comes as a result of the generosity and thought of Colonel William Boyce Thompson of New York, who has conceived and put into execution what is known as the Home Paper Service.

Under the plan, every man and woman in foreign service will receive the home newspaper, and so be kept in constant touch with the places and the people they know and love.

Every branch of the United States Government is interested in the plan. The Government realizes the importance of keeping those in the service happy and constantly in touch with their home ties and associations. Nothing is more depressing in a national emergency than the spirit of loneliness in those serving their country, and officials know that nothing can dispel this feeling more effectually than reading the home town newspaper.

Publishers of newspapers in all parts of the country—this newspaper included—have grasped with pleasure the plan outlined by Colonel Thompson, and they have agreed to co-operate in every way.

Under the ruling of the War Industries Board newspaper publishers are forbidden to send their newspapers free, even to soldiers. The newspaper must be subscribed for in the regular way, the only exception being soldiers who formerly were in the employ of the newspaper and who left that service to enlist. Colonel Thompson therefore proposes that the public in each community contribute to a fund so that the home newspaper (in our case this newspaper) may reach every man and woman now in the service of his country.

Anyone may contribute to the fund, and any sum may be contributed. It is not necessary to contribute the entire amount of one subscription. It does not matter whether the rich man sends one hundred dollars or the poor boy or little girl sends in five cents. Each gift will be a message of love and helpfulness to the home town folks "Over There." The money will be lumped into one fund, out of which subscriptions will be entered as fast as the money is received.

Contributors who send in the full price of a year's subscription may, if they wish, designate to what particular person they wish the newspaper sent, but if the name given is already listed as receiving the paper, then the publisher reserves the right to apply the subscription to some less fortunate soldier boy or noble woman who is just as lonely for news of home and home folks.

The name of every contributor to this home paper service will be published in this newspaper, and the name of everyone entered for a subscription will be published as well as the number of those remaining whose subscriptions have not been covered.

If the amount of money received shall be more than is necessary to send the paper to every person from the town now in the service, then the balance will be turned over to the Red Cross.

The plan is endorsed by the publisher of this newspaper without any thought of profit, either directly or indirectly, but with a sincere desire to help keep the home fires burning and to send to our heroes and heroines news of our town, to keep their hearts

warm for us. I to let them know they are constantly in our minds.

The publisher, of course, cannot make a profit on circulation, and additional circulation such as this will be—circulation from non-purchasers sent far across the sea—can have no added value to the advertiser.

These facts are stated so that every contributor may feel that every cent contributed goes to the good cause.

The mothers of our boys are facing an ordeal with a bravery that commands respect and admiration. Here and there where tiny stars are turned from blue to gold, where anguish grips the heart, the nation stands in silence and honors the women who have given of their blood, the very bone of their bone, to their country. To them, home has lost its meaning—the soul of it has fled—there is no home, it is just a place, and no place is quite so lonely, unless it be within the hearts of those brave sons in far off France who long for just a word of home. There cannot be a man, there cannot be a woman, no, not even a child, who will fail to contribute just a little to make the hearts of these patriots lighter. Not one. Not in our town.

Gasoline For Sale

6 A. M. to 6 P. M. Only

Beginning October 1

The Pacific Coast Directors of the Oil Division of the Fuel Administration has requested that the sale of Gasoline and Engine Distillate be limited to the hours between 6 a.m. and 6 p.m.

The Standard Oil Company is glad to comply with this request and, beginning October 1st, all of our stations and delivery facilities will serve the public between these hours only.

This request is made for the purpose of conserving the man-power, and we know that our patrons will patriotically co-operate with the Fuel Administration in carrying out this important war measure.

Monthly Meeting of City Trustee

The October meeting of the City Trustees took place on Tuesday evening.

The application of Pon Sing to establish temporarily a laundry on San Carlos avenue was denied, owing to the protest of property owners.

In denying the request to permit the cutting down of some trees because "they spoiled the view," the board placed itself on record as opposing the removal of trees, only except they are a menace to life and property.

Trustee Peter Taylor was authorized to have trimmed the trees on the middle of Ocean avenue.

The board voted to discontinue paying for the electric light near the bath house during the winter months.

Trustees Kibbler, Taylor and Arne were appointed to make some provision for the local observance of Liberty Day on October 12—a week from next Saturday.

Notice of Hearing

Before the Railroad Commission of the State of California.

In the matter of the application of the Monterey County Water Works for permission to increase rates for water service.

Application No. 3952.

Notice is hereby given that the Monterey County Water Works has made application to the Railroad Commission for permission to increase rates for water service, and that the Commission has set a hearing in the above entitled matter before Commissioner Gordon on Thursday, October 10, 1918, at 1 p.m., in the City Council Chamber, Colton Hall, at Monterey, California, at which time and place all interested parties may appear and be heard.

By order of the Railroad Commission.

Dated at San Francisco, California, this 27th day of September, 1918.

R. A. PABST,
Assistant Secretary Railroad Commission, State of California.

WEEKLY GREETING

Faith enriches a man. It gives him two worlds instead of one. Or rather it gives him one larger world, and it makes the unseen as real as the seen.
—Charles Alfred Martin.

Carmel's New Library

"I am doing this in memory and honor of my husband," said Mrs. R. C. Harrison, when placing before the Carmel Library Trustees, at last Friday's meeting, her plans to present a library to the City of Carmel-by-the-Sea.

Mrs. Harrison arrived in Carmel a week ago yesterday, and had been engaged up to the hour of the meeting in perfecting the details of her generous gift. Two splendid lots on the north side of Ocean Avenue, running 130 feet through to Sixth Avenue, were acquired and the deeds therefor signed.

Mrs. Harrison's gift embraces not only the land and building, but includes as well thousands of volumes belonging to Judge Harrison and herself, among which are numerous rare and beautiful works.

Included in the library property will be a hall, to be used for readings, musicals, lectures, picture exhibitions, club meetings, and social affairs. Another feature will be a special small building in which will be located the "Music Section" and the "Children's Room."

The institution will be named "The Ralph Chandler Harrison Memorial Library."

While the funds for the erection of the building are available, actual construction work cannot be commenced until the end of the war.

Red Cross Notes

There is a hurry call for workers at Carmel Red Cross headquarters. Rooms are open for sewing every afternoon, Saturday excepted.

The American Red Cross has taken up the fight against the spread of tuberculosis in Italy, an appropriation of \$1,100,000 having been made for this purpose. The work will be well under way by the end of this month.

The government requires such a quantity of paper that a shortage for civilian consumption faces the country. Individuals, households, clubs, offices, hotels, stores, printing offices, schools, should eliminate all waste.

Red Cross workers who have collected kid gloves and other leathers for making aviator jackets will be interested in the recently discovered fact that mustard gas cannot penetrate such waistcoats.

Three small Italian children entered Red Cross headquarters at Crockett, Cal., recently and announced they had something for Red Cross. "You sell and give soldier," said the eldest as proffered her seven pennies. Then came the others, one with a fish-hook, the other with three marbles.

The Red Cross "Melting Pot" is a branch of salvage. Contents will be valued by an expert and sold as they are, or melted for the metal they contain. Examine the variety of articles on exhibition at the Carmel Development Co. office. It may remind you of something you wish to contribute.

The Fourth Liberty Loan is the first item on the program of national war finance since the announcement of our intention to put five million men in France and finish the war next year. On our response to its call for our dollars our friends and enemies will judge of our sincerity and earnestness in making that pledge.

The nation's resources are ample. The success of the Fourth Liberty Loan depends on our converting a share of those resources into Fourth Liberty Bonds. Nothing more. The loan should be subscribed the first day and oversubscribed the second day.

Buy Liberty Bonds. Don't be a Turtle.
