This is a Busy Week

Carmel is starting the new year with a decided rush.

First of all, this is Armenian-Syrian Relief Week.

The activities of the week began at Manzanita Hall Sunday afternoon with the largely attended Christian Science lecture.

Monday evening we got a close view of conditions in famine-stricken Armenia and Syria by hearing the address of Ablahat O. Samuel, a Christian Syrian, of Tabriz, Persia, at Arts and Crafts Hall.

Tuesday night found us again at the Manzanita to witness the moving picture show in aid of the hungry.

Wednesday night—nothing doing. Rest.

Thursday and Friday nights "The Private Secretary" claims our attention.

Saturday night, the movies again.

Then, oblivion.

Pine Needles

Mrs. W. B. Canine has received from San Francisco headquarters acknowledgment for Carmel's January contribution of \$12 for the Belgian babies. She is now collecting for February.

Bill Machado did "get across." He spent ten months in England as a member of the 371st Aerial Squadron. What he regretted was that he didn't get into the scrap in France.

Home, after several months' travel in the eastern and southern states, Mr. and Mrs. William C. Watts, express great pleasure at being again in Carmel.

Specimens of animal and marine life, minerals, fossil remains, floral products, etc., brought in from time to time, form the nucleus of a natural history museum which will be developed when adequate accommodations are provided for the county library at Salinas.

Mrs. G. B. Nash, who occupied the Marion cottage here with her mother, is in San Francisco for a brief visit. On their return they will probably plan to make their permanent home here.

Flu is rampant in Carmel Valley. In some cases whole families are afflicted with the dread disease, and the doctors from Carmel and Monterey are in regular attendance.

Our representative in the State Senate, E. S. Rigdon, voted "dry" on the Prohibition Amendment; so did Assemblyman Martin.

The next invitational dance at La Playa will be February 22—Washington's Birthday.

Mr. C. H. Godfrey, official engineer of the city of Shanghai, is in America to study sanitary conditions and methods. His family will be at La Playa for several months.

Just yearning for a view of the Carmel River from their little acre in south Carmel, Mr. and Mrs. Gustav Laumeister are down from Palo Alto this week.

Glenn Hughes was here for a few days last week. He returned to Bellingham, Wash., on Thursday to resume teaching. Many of his local friends were glad to see him, especially as there were reports about that he had been killed in France.

Because of the fact that the money to conduct the local public school is appropriated on the basis of daily average attendance, the trustees of the school are gratified at the fine attendance thus far this term.

The first \$1.00 subscribed to the Armenian and Syrian relief fund was that of "The Belgian Lady." This is the week that Carmel is asked to give \$450.

Miss May Guichard is here to visit her sister. Recently their mother returned from here to Ben Lomond, the family home.

Mr. and Mrs. H. A. Russell and daughter are still in Los Angeles, but may return to Carmel almost any day now.

Pay your city taxes now, and the Delinquent Tax List, to be published this month will be minus your name.

William Pershing Turner is the name of the fine ten-pound boy that arrived at the home of Mr. and Mrs. Harry Turner, Friday, January 10, 1919.

Miss Adaline Gray returned to Los Altos yesterday, after a few days' visit here.

Mrs. A. C. Lawson had a welcome surprise on Sunday evening. Her son Eric, who has been in the aviation service, dropped in unexpectedly, to remain a few days.

James McDonald, one of the best known farmers of Carmel Valley, a cousin of Perry McDonald of the local depot, died on Monday afternoon, a victim of influenza pneumonia. His wife, who was Miss Carrie Schulte, also passed away. On the day before their death a son was born to the couple.

Praise for Our Mary

A critic, reviewing Grant M. Overton's "The Women Who Make Our Novels," says, concerning Mary Austin:

"Of exceptional interest is the chapter on Mary Austin, concerning whom the essayist is not in the least too eulogistic. The most American of all our women writers, she is without peer among them in mentality and without approach in point of style. To the perfection of her descriptive powers she adds a fine imagination, and had she been content with the novel as her medium she would have been the greatest of our novelists."

U. S. HEALTH SERVICE ISSUES WARNING

Increase in All Respiratory Diseases After the Influenza Epidemic Probable.

**Influenza Expected to Lurk for Months.
How to Guard Against Pneumonia.
Common Colds Highly Catching—Importance of Suitable Clothing—Could Save 100,000 Lives.**

Washington, D. C.—With the subsidence of the epidemic of influenza the attention of health officers is directed to pneumonia, bronchitis and other diseases of the respiratory system which regularly cause a large number of deaths, especially during the winter season. According to Rupert Blue, Surgeon General of the United States Public Health Service, these diseases will be especially prevalent this winter unless the people are particularly careful to obey health instructions.

"The present epidemic," said Surgeon General Blue, "has taught by bitter experience how readily a condition beginning apparently as a slight cold may go on to pneumonia and death. Although the worst of the epidemic is over, there will continue to be a large number of scattered cases, many of them mild and unrecognized, which will be danger spots to be guarded against." The Surgeon General likened the present situation to that after a great fire, saying, "No fire chief who understands his business stops playing the hose on the charred debris as soon as the flames and visible fire have disappeared. On the contrary, he continues the water for hours and even days, for he knows that there is danger of the fire rekindling from smoldering embers."

"Then you fear another outbreak of influenza?" he was asked. "Not necessarily another large epidemic," said the Surgeon General, "but unless the people learn to realize the seriousness of the danger they will be compelled to pay a heavy death toll from pneumonia and other respiratory diseases."

Common Colds Highly Catching.

"It is encouraging to observe that people are beginning to learn that ordinary coughs and colds are highly catching and are spread from person to person by means of droplets of germ laden mucus. Such droplets are sprayed into the air when careless or ignorant people cough or sneeze without covering their mouth and nose. It is also good to know that people have learned something about the value of fresh air. In summer, when people are largely out of doors, the respiratory diseases (coughs, colds, pneumonia, etc.) are infrequent; in the fall,

as people begin to remain indoors, the respiratory diseases increase; in the winter, when people are prone to stay in badly ventilated, overheated rooms, the respiratory diseases become very prevalent.

Suitable Clothing Important.

"Still another factor in the production of colds, pneumonia and other respiratory diseases is carelessness or ignorance of the people regarding suitable clothing during the seasons when the weather suddenly changes, sitting in warm rooms too heavily dressed or, what is even more common, especially among women, dressing so lightly that windows are kept closed in order to be comfortably warm. This is a very injurious practice.

Could Save 100,000 Lives.

"I believe we could easily save one hundred thousand lives annually in the United States if all the people would adopt the system of fresh air living followed, for example, in tuberculosis sanatoria. There is nothing mysterious about it—no specific medicine, no vaccine. The important thing is right living, good food and plenty of fresh air.

Droplet Infection Explained in Pictures.

"The Bureau of Public Health, Treasury Department, has just issued a striking poster drawn by Berryman, the well-known Washington cartoonist. The poster exemplifies the modern method of health education. A few years ago, under similar circumstances, the health authorities would have issued an official dry but scientifically accurate bulletin teaching the role of droplet infection in the spread of respiratory diseases. The only ones who would have understood the bulletin would have been those who already knew all about the subject. The man in the street, the plain citizen and the many millions who toil for their living would have had no time and no desire to wade through the technical phraseology."

COLDS, INFLUENZA, PNEUMONIA, AND TUBERCULOSIS ARE SPREAD THIS WAY

Copies of this poster can be obtained free of charge by writing to the Surgeon General, U. S. Public Health Service, Washington, D. C.

A Laugh in Every Line

Tonight and tomorrow night a splendid company of local players will present the greatest of all comedies, "The Private Secretary," at the Manzanita Theatre. The Arts and Crafts Club engaged the well-known producer, Garnet Holme, to put on the play, and the following cast guarantees to keep you laughing for two hours:

Mr. Marsland, M.F.H.	Talbert Josselyn
Harry Marsland, his Nephew	Ernest Schwenger
Mr. Cattermole	Thomas B. Reardon
Douglas Cattermole, his Nephew	Clarence Risley
Rev. Robert Spalding	Garnet Holme
Mr. Sidney Gibson, Tailor of Bond St., John, a Servant	Paul Stoney
Edith, Daughter to Mr. Marsland, Eva Webster, her friend and companion, Mrs. Stead, Douglas' landlady	Frances Montgomery Betty Waud Clara B. Leidig
Miss Ashford	Effie A. McLean

Between the acts the first "community sing" in Carmel will be inaugurated. Mrs. Mabel Young will lead, and will be assisted by Mrs. F. C. Pudan, Mrs. W. P. Silva and Mrs. Mary E. Hand. The audience will join in the choruses.

Rev. Stephen C. Thomas and wife, with Stephen C. Jr., who was born recently in Oakland, are now in Carmel.

David McConnell, who spent some time here a few years ago, was killed recently in England, as the result of a falling airplane. He was a brother-in-law of Mrs. T. J. McConnell (Grace Wilson).

At Arts and Crafts Hall next Sunday (January 19), at 3 p. m. Mrs. V. M. Porter will give a reading. A silver offering will be taken for the Armenian and Syrian Relief. Everybody is cordially invited.

Rigdon—Coast Road

Our State Senator, E. S. Rigdon, San Luis Obispo, was pleased with the governor's reference to the road from the valley to the coast, and he said it applied to the Cholome survey from Bakersfield to San Luis Obispo. His county will raise \$300,000 by direct tax to assist this enterprise. A short link must also be constructed in Kern county.

Rigdon, however, has a bigger dream than that. He sees a drive nearly 100 miles long skirting the coast from Carmel-by-the-Sea to San Simeon. This will open virgin territory in Monterey and San Luis counties, which now has no road at all in that coast section. It will also create the most scenic highway in the world, says Rigdon, passing waterfalls, one 700 feet high, redwood canyons and other natural attractions now denied to tourists.

The cost of the completed road, with permanent pavement, would be about \$1,500,000 but the senator will be satisfied with a fair start this session. He says the road is already graded for two-thirds the distance from Carmel-by-the-Sea south. Most of the route lies through the federal forests, and this means federal assistance. A survey, authorized by the last session, is completed.

**Entertainment by
Junior Red Cross**

The Junior Red Cross is happy to announce that Mrs. Valentine Mott Porter, who has made a study of Irish legend and Folk Lore, and who tells these stories and legends with wonderful charm, has consented to entertain their friends by an evening of her tales. Miss Blanche Tolmie will sing some of her delightful ballads. The old world atmosphere will be preserved in this entertainment; and after the reading and singing, everybody is invited to stay and dance. The evening is the 31st of January; admission, 25c; children, 15c; proceeds to go to the Red Cross. A large attendance is hoped for.

A meeting of the Forest Theatre Council was held last Monday afternoon at the studio of Miss M. De Neale Morgan. Those present were W. T. Kibbler, Mrs. J. W. Hand, Mrs. M. H. Bremner, Mrs. Fred Leidig, Miss E. A. McLeary, Miss M. De Neale Morgan, Mrs. F. C. Pudan and T. B. Reardon. Mr. Kibbler having resigned the presidency, Mrs. Hand was unanimously elected to that office.

A communication from the Arts and Crafts Club was received, asking for a date for their annual production.

A letter from Garnet Holme was read with regard to the Annual Forest Theater production for the July 4th Festival. As he intended to be active with dramatic classes in Carmel during the ensuing summer, his letter proposed an arrangement by which he might cooperate with the Council in its production.

The Council felt that such a plan would be advantageous to the Forest Theater and reported favorably on the communication. A committee of three—Mrs. Hand, Mr. Reardon and Mr. Kibbler were appointed to meet with Mr. Holme and to then report to the Council.

Red Cross Notes

Two members of the Pacific Division recently had the honor of participating in the inception of the first Red Cross Chapter in rehabilitated Europe, at Paris thereby establishing a permanent organization of the American Red Cross in France.

Pathetic indeed is the not infrequent sight in the vicinity of Jerusalem, of tiny children toddling about clad only in grotesquely large gray army shirts, worn to tatters, belted at the waist and fastened by a button at the neck. The shirts are relics of General Allenby's armies, having been discarded by the "Tommys" as no longer fit for use. To meet the need for warm garments with the advance of winter, the American Red Cross is distributing thousands of these garments to desolate inhabitants of the region.

WEEKLY GREETING

Together we must face the perplexing problems which the future holds. These we must meet with courage, with sincerity and with unswerving devotion to the public good.—Governor William D. Stephens.

A First-Class Candidate

With the passing of Theodore Roosevelt, there need be no talk of the Republican party being without a suitable candidate for the presidency.

The man who measures nearest to the late ex-President in ability to fill the highest office in the land is not difficult to find.

United States Senator Hiram W. Johnson, though disliked by the bosses, is loved and trusted by the people. Law abiding people and corporations have nothing to fear from him.

Nor is Johnson, by reason of the fact that he is of California, geographically unavailable. Remember, it was California's electoral vote that decided the last Presidential election.

It is not too early to begin thinking and planning for this year's Forest Theatre production. It will be the tenth annual play.

Quite Interesting

From the collection of Geo.
F. Beardley, there is an exhibi-
tion at the Book Shop a rare
volume, printed in 1895, at
Naples, containing plates illus-
trating the strange and beauti-
ful relics of Pompeii.

Among them are weapons,
armor, household utensils,
tools, statuettes, ornaments,
jewelry, etc. Of particular in-
terest to a community con-
cerned with the drama are the
tickets used for admission to
Pompeian theatres, including
a skull for free admittance.
From this comes the modern
phrase, "dead-head."

TRAIL OF DEAD ACROSS DESERT

Four Million Starving and Desti-
tute People Plead With
America

RELIEF MUST BE IMMEDIATE

Women and Children in Terrible Plight
After Years of Wandering About
Deserts in Syria and
Asia Minor

Three million people have died
from massacre and starvation in
Armenia, Syria and Asia Minor.
Four hundred thousand orphans
are actually crying for food, four
million starving people are desti-
tute and pleading for a chance to
rehabilitate themselves. Amer-
ica must help these people. Will
you be one to answer this appeal
or will you allow a Christian peo-
ple to die of starvation?

Four million starving and destitute
people are looking to America to save
them from death by starvation.

Four hundred thousand orphans,
their fathers massacred, their mothers
dead from starvation, are crying for
food. Their emaciated bodies are pitiful
sights, the flesh hangs on their
bones like rags.

These unfortunates are the victims
of Turkish cruelties and deportations.
In three years more than a million Ar-
menians, Syrians and Greeks have per-
ished in Palestine, Syria, Mesopotamia,
Russian Caucasus and Asia Minor.
They have been driven from their
homes, the men massacred, the women
outraged, the girls sold into worse than
slavery. Then these helpless beings
have been deported by the Turks—sent
into the deserts to die.

For three years now the remnants of
these once prosperous people have
wandered from place to place, beaten,
abused, starved; hundreds of thou-
sands have perished and their bones
mark the course of their trail across
the Mesopotamian deserts. Never in
the history of the world has such wanton
slaughter and cruelty been prac-
ticed.

Appeal to America.

What is left of these people now ap-
peal to America to save them. The
American Committee for Relief in the
Near East will conduct a campaign for
funds this month. It is necessary to
raise a minimum of \$30,000,000 imme-
diately to relieve distress, clothe the
half-clad people and help to make them
self-supporting until the next harvest.
The suffering of these people is be-
yond description. Little children have

seen their fathers and mothers killed.
In one province in Syria 80,000 persons
are known to have died from starva-
tion. Armenian children have starved
until they have lost their vocal powers.

In Syrian villages starved people
race with dogs to garbage cans to se-
cure food. In other villages dogs and
cats have been eaten. In Beirut, Syria,
200 to 300 deaths a day from starva-
tion and typhus are recorded. In Uru-
mia, Persia, word has come that 2000
Christian refugees are absolutely desti-
tute. At Sojbulak, fifty miles away,
10,000 are dying of starvation.

At Mosul 10,000 destitute refugee
women and children are in a pitiful
condition, according to official dis-
patches from Teheran to the State
Department at Washington and given
publicly through William Phillips,
Acting Secretary of State.

The cable message also states that
starvation is increasing daily and cites
conditions at Khoy, Salmas, Urumia as
beggarly description.

On all sides there is utter misery and
starvation.

In Desperate Plight.

At Tabriz, Persia, 30,000 exiles, vic-
tims of Turkish deportations, are desti-
tute and in desperate plight. People
are dropping dead of starvation in the
streets of Teheran, and babies have
been found clinging to the bodies of
lifeless mothers. Relief workers re-
port that food and funds are needed im-
peratively, that thousands are dying
daily in all parts of Asia Minor.

President Wilson has issued a pro-
clamation calling upon the people of
America to subscribe to the Armenian-
Syrian relief fund. The Red Cross has
officially approved the campaign.
Churches all over the country are help-
ing and now the great body of Ameri-
can people are asked to help relieve
the suffering of these Christian people
who have nowhere else to turn for
help.

Already relief workers who are on
the ground are doing their utmost but
they are hampered through lack of
funds. There must be an immediate re-
sponse or 4,000,000 people will perish.

The Ruthless Turk.

Armenia was the first nation to em-
brace Christianity. Its people were in-
dustrious and happy. Then it came un-
der Turkish control. The Turks openly
boasted they would exterminate the
Armenians. They massacred the men
and deported the women and children.
They confiscated their homes and
farms, outraged the girls, mutilated
the children and tortured all classes.

What is left of these abused people
are anxious to return to their desolat-
ed homes. They are anxious to start
life again and the people of America
can make it possible for them to live
and prosper. It only requires \$5 a
month to save a life over there. Ameri-
can millions could never be put to a
better or more humanitarian use. Ar-
menia stretches forth her hands to
America to save her. Will the people
respond?
